The Programme in Asset and Maintenance Management (PAMM) provides you with an integrated and comprehensive training intervention in the complementary disciplines that direct the management and maintenance of physical assets. The programme provides you with a better awareness and tools to shape collaborative efforts that are required to effectively manage and maintain assets across a wide range of technical, engineering, finance, logistics, communications and other functions. You will gain the necessary skills to realise effective physical asset management by focusing on particular aspects of asset management principles and practices, principles of maintenance management, as well as maintenance approaches and strategies.

The programme will be offered in a blended format in 2021. Certain coursework and reading will be done online before a 1.5 day contact session per module with the lecturer. After the contact session, further coursework will be done online, and a final assignment will be submitted.

Programme content

- Asset and maintenance management tools
- Principles of maintenance management
- People management
- Financial management
- Operations Management
- Principles of Asset Management
- Asset Acquisition
- Decision and Risk Management

Learning outcomes

After successfully completing the programme, you will be able to
- apply a systems approach to the management of physical assets
- use configuration control and management for asset management
- apply approaches like RCM and TPM to improve asset and maintenance performance
- develop and document a maintenance plan for a technical system
- develop supervisors and artisans to accept ownership of physical assets, and
- establish high-performance teams in operations and maintenance.

Who should enrol?

This programme is ideal for you if you are employed as an asset management practitioner.

Programme fees

R41 400.00 per delegate (VAT incl.)
Programme fees include all course material, lunch and refreshments during contact days.

Course fees must be paid in full 14 days prior to course start dates. Proof of payment can be submitted to enrolments@enterprises.up.ac.za.

Admission requirements

Prospective delegates should at least have a National Senior Certificate (Grade 12) and/or a technical qualification or relevant experience.

Accreditation and certification

Enterprises University of Pretoria (Pty) Ltd is wholly owned by the University of Pretoria. As a public higher education institution, the University of Pretoria functions in accordance to the Higher Education Act 101 of 1997. Enterprises University of Pretoria offers short courses on behalf of the University and these short courses are not credit-bearing, and do not lead to formal qualifications on the National Qualifications Framework (NQF) – unless stated otherwise. Delegates who successfully complete a short course and comply with the related assessment criteria (where applicable) are awarded certificates of successful completion and/or attendance by the University of Pretoria.
