

Construction Contracts

Presented by the Department of Construction Economics, University of Pretoria

5 ECSA CPD Points

24 SACPCMP CPD Hours | CDP Reg No: SACPCMP/CPD/17/036

The short course in **Construction Contracts** introduces you to the law of contracts and, more specifically, the various types of construction contracts used in the current South African construction and built environments. Not only will you gain exposure to different building and contractor agreements, but you will also get access to an in-depth knowledge base of professional liability, professional service agreements (PROCSA) and contract standards such as the Joint Building Contracts Committee (JBCC), New Engineering Contract (NEC), Fédération Internationale des Ingénieurs-Conseils (FIDIC) and General Conditions of Contract (GCC).

This course earns you credit towards the Comprehensive Project Management Programme for Built Environment Practitioners (CPMP).

Enrol for this short course or the full programme to upskill and get the latest international knowledge combined with local expertise to create a best-practice reference base and application in an African context.
