

Financial Management for Non-Financial Managers

Presented by the Department of Financial Management,
University of Pretoria

The short course in **Financial Management for Non-Financial Managers** provides you with a better understanding of financial management (as a component of the management structure) to help achieve your organisation's objectives. During the course, you will gain knowledge of the basic financial procedures, calculations and activities of a business enterprise, covering aspects of financial statements, ratio analyses, break-even analyses, basic income tax, financing decisions, time-value of money, capital budgeting and working capital management. An understanding of the principles and practice of financial management techniques for profitable business management is proven to benefit both managers and aspiring financial managers alike.
