Principles and Practices of Business Analysis

Presented by the Department of Informatics, University of Pretoria

Course content

Every session consists of three parts:

- theory,
- application of specific techniques, and
- one or more case studies based on specific business applications. Case studies will be started in class, completed as homework and discussed in the next contact session.

Learning outcomes

After successfully completing this course, you will be able to gather, document and communicate all of the requirements for a business information system.

Who should enrol?

This course is ideal for you if you are a business analyst with the desire to refresh or further your business analyst knowledge or skills.

Course fees

R12 500.00 per delegate (VAT incl.)

Course fees include all course material, refreshments and other materials.

Course fees must be paid in full 14 days prior to course start dates. Proof of payment can be submitted to enrolments@enterprises.up.ac.za.

Admission requirements

Prospective delegates should at least have business analysis experience, an applicable degree or have successfully completed the Business and Systems Analysis course presented by Enterprises University of Pretoria.

Accreditation and certification

Enterprises University of Pretoria (Pty) Ltd is wholly owned by the University of Pretoria. As a public higher education institution, the University of Pretoria functions in accordance with the Higher Education Act 101 of 1997. Enterprises University of Pretoria offers short courses on behalf of the University and these short courses are not credit-bearing, and do not lead to formal qualifications on the National Qualifications Framework (NQF) – unless stated otherwise. Delegates who successfully complete a short course and comply with the related assessment criteria (where applicable) are awarded certificates of successful completion and/or attendance by the University of Pretoria.
