Programme in Supply Chain Management for Junior Practitioners

Presented by the Department of Business Management, University of Pretoria

Learning outcomes

After successfully completing this programme, you will be able to demonstrate knowledge of, and insight into the fundamental principles of business logistics and SCM on an operational level.

Who should enrol?

This programme is ideal for you if you are employed as a first-line manager in purchasing, material planning and control, warehousing or transport.

Programme fees

R45 500.00 per delegate (VAT incl.)

Programme fees include all course material and refreshments during contact days.

Admission requirements

Prospective delegates should at least have a National Senior Certificate (Grade 12) or NQF level 4 qualification, with two years' practical work experience.

Assessment

To successfully complete this programme, you will be required to submit and pass two individual assignments per module. The compulsory module, plus a further four elective modules need to be completed.

Accreditation and certification

Enterprises University of Pretoria (Pty) Ltd is wholly owned by the University of Pretoria. As a public higher education institution, the University of Pretoria functions in accordance to the Higher Education Act 101 of 1997. Enterprises University of Pretoria offers short courses on behalf of the University and these short courses are not credit-bearing, and do not lead to formal qualifications on the National Qualifications Framework (NQF) – unless stated otherwise. Delegates who successfully complete a short course and comply with the related assessment criteria (where applicable) are awarded certificates of successful completion and/or attendance by the University of Pretoria.

This programme contributes to the development of knowledge, skills and competencies required for ELA Certification by the board of the European Logistics Association.
