

Public Financial Management Act

Presented by the School of Public Management and Administration,
University of Pretoria

The short course in **Public Financial Management** provides you with the requisite insights to the implementation and implications of the Public Finance Management Act (PFMA) of 1999 (as amended) on your role as middle or senior financial manager in the public sector. The course specifically covers various topics of the basic concepts and principles required for sound public financial management in order to comply with National Treasury regulations, to execute effective reporting and to apply the necessary performance requirements for strategic planning and budgeting, expenditure classification, performance measurement, asset and risk management, as well as internal control for financial accountability.

Course content

- Introduction to financial management
- Financial framework applicable to public officials
- Strategic planning and budgeting
- Costing
- Expenditure classification
- Performance measurement
- Asset management
- Risk management
- Internal control
- Payment processes
- Supply chain management
- In-year management, monitoring and reporting
- Financial reporting and accountability
- Definitions

Learning outcomes

After successfully completing this course, you will be able to

- understand the basic concepts and principles necessary for sound public finance management
- comply with the requirements of the PFMA
- comply with the TRs
- apply the principles of public finance management to manage for results
- apply the performance requirements for public finance management, and
- apply the principles of effective financial reporting.

The course is practical and interactive and delegates will be afforded an opportunity to share and discuss experience and/or challenges of implementing the PFMA and TRs in the work environment.

Who should enrol?

The course is aimed at anyone who requires a working knowledge of the PFMA.

Course fees

R5 100.00 per delegate (VAT incl.)
